GET READY NSW

Be prepared with these apps

We have the top four emergency apps you need to be prepared.

Hazards Near Me

The Hazards Near Me app shows current information about local emergencies, including flood, bush fire and tsunamis, and advice on what to do to stay safe. The app can send you push notifications when there are new incidents or when information changes.

Scan the QR Code below to visit the Hazards Near Me app.

IOS

Android

Live Traffic NSW

The Live Traffic NSW app provides real-time updates on road conditions and traffic incidents that could affect journeys in NSW. By creating and saving a trip, you can plan journeys, identify alternative routes and make informed decisions – ensuring increased personal safety during an emergency.
